SLEEP AWAY SUMMER INTENSIVE

As the standard for classical ballet training throughout Greater New Haven, New Haven Ballet has partnered with Fairfield University in beautiful Fairfield County to offer serious students the opportunity to enhance their technical skills and artistry through a premier summer ballet intensive. During the Summer Residency, dancers train daily in a pre-professional classical ballet curriculum, supplemented by Pilates, conditioning and stretching, pointe, partnering, and repertory classes. Students experience significant improvements in strength, flexibility, artistry, and technical ability, enabling them to return to their home studios with confidence and preparation for the upcoming fall season. The Summer Intensive Residency allows students to receive individualized attention from the best instructors in the region, make friends with others who share their passion for dance, live in beautiful dormitories, and enjoy nutritious and delicious meals—all culminating in a performance presented in state-of-the-art facilities.
